Manufacturing and Supply of Sheet Metal Components & Assembly for application in Industrial & Storage Systems.

QUALITY POLICY

We at N. P. Engineering Works are committed to supply Quality Products consistently with continuous improvement in our processes & Quality Management System.

ABOUT US

Being the pioneers in Sheet metal fabrication in Pune, N. P. Engineering Works is an ISO 9001:2015 certified sheet metal industry started by our founder, late Mr. Ramchandra S. Nagotkar in 1978 with a vision to support the Automotive, Power and Electronic Industries.

With his vision we had started our business as small fabrication shop having Philips India & DB Electronics as our first customers and have gradually increased it to a small scale industry.

Recently we have added world class latest machines, like Trumpf TruPunch 1000, to give our customer quality focused and tailor made complicated jobs.
